CASE NO. 6:15-cv-1155

ORDER

In the United States District Court for the Southern District of California, AT&T Mobility LLC filed a Motion to Compel Acacia Research Corporation to Produce Patent License Agreements and Related Documents. *See Cellular Communications Equipment, LLC v. HTC Corporation, et al.*, Case. No. 3:15-cv-02373-JAH-MDD. The Motion was filed in relation to a case that was pending in this district—Case No. 6:13-cv-507. Pursuant to FED.R.CIV.P. 45(f), the Southern District of California transferred the motion to compel to this Court on December 17, 2015 and it was filed as the above-styled case.

This Court then consolidated this case with Civil Action No. 6:13-cv-507. On April 26, 2016, the Court held a hearing on the motion and denied the motion as moot. The Court then ordered the parties to submit a status report notifying the Court of the status of this case and stating whether it should be dismissed. The parties filed a Joint Status Report (ECF 32) agreeing that the sole matter at issue in this case—the motion to compel—has been resolved. It is therefore

ORDERED that the sole matter at issue in this case, the motion to compel, has been resolved and the Clerk shall **CLOSE** the above-styled civil action.

So ORDERED and SIGNED this 11th day of September, 2017.

K. NICOLE MITCHELL
UNITED STATES MAGISTRATE JUDGE
